LESSON SUMMARY:Commendations:

She is by far the strongest & most enthusiastic student I have ever had. I have had the pleasure of working with her my 35 years of teaching.

Suggestions/Areas Needing Improvement:

Continue to strive to keep students engaged & involved. She will have no problems in her attempts to do this. Don't take student failures personal!!!

Goals for Next Week/Future:

make sure you continually document & support actions + reinforce decisions made.
